

# WE ARE HIRING!

## Design & Content Creator (f/m)

Blockpit is an ambitious StartUp dealing with blockchain technology. We offer global software solutions for cryptocurrency traders and customized monitoring applications for corporates in a large market.

To further strengthen our team we are looking for a motivated person to improve our marketing and communication. From content development, design in image and video to supporting our social media channels, we are offering a wide spectrum of activity.

### Tasks:

- Create content for social media, web & presentations
- Design of imagery for web and print
- Creation and adoption of video material
- Communicating with our community
- Managing our external communication via social media

### Qualification

- Very good proficiency in managing social media
- Skills in Adobe Photoshop, Illustrator and AfterEffects
- Structured method of operation, ability to work independently
- Team spirit and open, communicative personality
- Interest in the topic of blockchain and cryptocurrencies
- Excellent language skills (english essential, further languages are a benefit)

Latest hard and software are at your disposal. Our workplace is at the Factory300 office in Linz, but location-independent working is possible.

Gross salary is 2,200 Euro per month, depending on qualification excess payment and success based options are possible.

The world is getting ready for blockchain technology. We want to take advantage of this chance to position ourself as a company with excellent know-how and a strong team. Are you interested to partake in this evolution?

We are looking forward to your application in our mailbox: [mail@blockpit.io](mailto:mail@blockpit.io).  
(Or just Call/WhatsApp us first: [+43 650 640 41 40](tel:+436506404140))
