

Video Content Intern (f/m)

Blockpit is an ambitious Start-up dealing with blockchain technology. We offer global software solutions for cryptocurrency traders and customized monitoring applications for corporates in a large market.

To further strengthen our team we are looking for a motivated video content producer. You will complement us in matters of motion and graphics design and be a vital part in the development and implementation of our marketing and advertising instruments.

Tasks

- ✔ Work closely with both marketing and UI/UX teams
- ✔ Design and produce static and animated digital content
- ✔ Create animations, videos and banners for our website, social media and ads
- ✔ Record and edit interviews, tutorials and tool demos
- ✔ Stay up to date on trends around digital content

Qualifications

- ✔ Proficient in Adobe After Effects and Premiere or similar editing software
- ✔ Has experience with Adobe Illustrator and Photoshop
- ✔ Has experience with motion design and can provide examples
- ✔ Has experience in creating animated HTML5 banner ads
- ✔ Structured method of operation, ability to work independently

What we offer

- ✔ An open, exciting and pleasant company culture
- ✔ Responsible and meaningful work
- ✔ Insights into the startup world
- ✔ Chance of a permanent job offer (full time/ part time)
- ✔ Regular team events
- ✔ €1,000 monthly remuneration

Our current workplace is at the Factory300 office in Linz, but location-independent working is possible.

We look forward to receiving your application in our mailbox: hr@blockpit.io
(Or just give us a call: +43 660 6477570)
