

# Frontend Developer

Linz | Development | Full-Time

Blockpit develops Software-as-a-Service solutions for transaction analysis and documentation of blockchain-based digital assets (cryptocurrencies).

Our software creates significant value for private cryptotraders and crypto service providers in terms of tax calculation and reporting (tax compliance) and Anti-Money-Laundering processes (AML compliance)

## Your Tasks

- ✓ Self-responsible development of the main application
- ✓ Conception and implementation of new functions
- ✓ Development and rollout of internal software solutions
- ✓ Optional: development of our mobile application

## Your Profile

- ✓ Ongoing or finished IT- education (university, UAS, "HTL")
- ✓ Very good knowledge of HTML, CSS, JavaScript and TypeScript
- ✓ Experience with Angular and REST-APIs
- ✓ Interest in UI and UX optimization
- ✓ Bonus: experience with Ionic

## Your Benefits

- ✓ Shaping the financial world of the future
- ✓ Flexible working hours (flextime) with the possibility of home office days
- ✓ Innovative working environment in the Tabakfabrik Linz
- ✓ Regular team events
- ✓ Latest hardware
- ✓ Good public transport connections and travel allowance
- ✓ Coffee/tea and fruits for free
- ✓ Employee participation program

The annual salary for this position is between € 40.000 - € 64.000 gross, based on full-time employment. We are looking forward to your application to [hr@blockpit.io](mailto:hr@blockpit.io)
